 Established 1797  
**Plock, Poland**  
 (c.1930 as remembered by Herman Kirschner  
 of Mazenod, Saskatchewan - original drawn 1985)

 Not to Scale

**Note:**  
 Aproximate distance from stream below  
 to road intersection above is one kilometre.  
 The location of the stream to the east is  
 misplaced and really should be about a  
 kilometre or so from the main road.

This village has been obliterated with the  
 construction of a very large modern oil refinery  
 at this location.
